Press Release

City Approves Agreements Paving the Way for Costco

Bonney Lake, Washington: The Bonney Lake City Council unanimously approved a Resolution at the October 18, 2016 meeting authorizing the Mayor to sign several agreements related to the commercial development of 35 acres of the WSU forest along SR 410 in Bonney Lake. Mayor Johnson said that with this action, the anticipated development of this property will continue to move forward. Architects for Costco have submitted a site plan and design review application for a proposed 155,000 square foot store including a fueling station, according to John Vodopich Public Services Director for the City.

Mayor Johnson noted that having a Costco in Bonney Lake is something that residents have long expressed a desire in having, bringing jobs and much needed sales tax revenue to the city. In addition to having Costco as the anchor tenant of this development, it is expected that there will be an additional 150,000 square feet of commercial development on the site. While the actual sale of the property has yet to occur, this is the first step in seeing this development come to fruition.

-End-
