PAYMENT INFORMATION

Online: Visit www.citybonneylake.org/utilities

By Mail: City of Bonney Lake

P.O. Box 1330

Caldwell, ID 83606

Please include account number and telephone number on check.

In Person: Cash, check and credit card payments may be made at the Utility desk at the Justice & Municipal Center, 9002 Main St E, Suite 250, Bonney Lake, WA. A night deposit box is located outside for after-hour payments.

By Phone: Call 253-447-4317 during normal office hours.

Utility charges are due on receipt and become delinquent on the 15th of the month following billing. A penalty is added to all delinquencies. Disconnection is scheduled 30 days after the date of delinquency. In the event of disconnection (water shut-off) due to delinquency, all charges plus a \$100.00 turn-on fee must be paid to re-connect service.

Utility accounts remain the responsibility of the property owner. The owner is responsible for payment even if the property owner provides a written request to bill the tenant. Account transfers to a new owner or to turn service on/off can be done only by the owner (buyer or seller) of the subject property. Because utility service is a lien against the property, purchasers are encouraged to ask their title company to verify billing status prior to closing on a real estate transaction.

SENIOR CITIZEN/DISABLED DISCOUNT

A discount on water and sewer charges is available for qualifying property owners who receive the Senior Citizens & Disabled Persons tax exemption from Pierce County. Contact Utilities for details at 253-447-4317.

LEAKS

Repair of leaks in private service lines are the responsibility of the property owner. The City of Bonney Lake offers a leak adjustment to customers who have had a leak in their private plumbing system when the leak is repaired. The adjustment shall be two-thirds of that portion of the customer's water bill which is over the average normal water usage. An adjustment may be granted upon written request with documentation (repair receipts) and approximate date of prompt repair.

WATER SOURCES/WATER QUALITY

City water is supplied by natural springs and wells and is chlorinated. City water is not treated with Fluoride. Samples are taken at various locations to guarantee water quality. Water Quality Reports are published annually.

GENERAL INFORMATION

Bonney Lake was incorporated as a city in 1949 with a population of 327; today's population is approximately 20,500. Bonney Lake is organized as a non-charter code city, under the mayor-council form of government and is led by a publicly elected Mayor and a seven-member City Council.
