I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. Any changes will be reported to the jurisdiction in which the permit is valid immediately.

By leaving the contractor information section blank, I hereby certify further that contractors (general or subcontractors) will not be hired to perform any work in association with this permit. I also certify that if I do choose to hire a contractor (general or subcontractor) I will only hire those contractors that are licensed by the State of Washington.

## Must be submitted with the following:

One copy of the site plan. Site plan must show locations of existing and proposed structures, septic tank, drain field, and any other major physical features. Scale and North arrow, topography, and high water mark shall also be included on the plot plan.

Erosion Control – indicate erosion control measures on site plan submittals.

Puget Sound Clean Air Agency’s Notice of Intent – Toll Free 800-552-3565 or [www.pscleanair.org/asbestos](http://www.pscleanair.org/asbestos).

Asbestos Survey

Asbestos Checklist (Please contact Puget Sound Clean Air Agency for all regulations)

- An asbestos survey conducted by a certified Asbestos Hazardous Emergency Response Act (AHERA) inspector.
- A completed Notice of Intent submitted to Puget Sound Clean Air Agency for all demolition projects 120 square feet and greater.
- A copy of the asbestos survey and Notice of Intent (to be kept on site and available for review by inspection personnel).
- All asbestos-containing materials (ACM) must be removed in accordance with Puget Sound Clean Air Agency regulations by individuals trained with Washington Labor & Industries or Occupational Safety and Health Administration standards.
- Perform a walk through prior to demolition to ensure all ACM identified on Puget Sound Clean Air Agency’s asbestos survey have been removed.
