

CRITICAL AREAS REPORT: CARA LEVEL 1

WHAT IS THE PURPOSE OF THIS WORKSHEET?

This worksheet is to help prospective applicants prepare the required documentation needed to submit a complete application. Please note that this is not the official application, but a tool to assist in the compilation of the materials required for the review by the City. It is important that prospective applicants contact the Planning and Building Division prior to submitting an application as some projects may not require the submittal of all the materials listed or may require additional materials not listed. In order to help work out any potential problems before the formal submittal, the City of Bonney Lake encourages applicants to attend a pre-application meeting.
