Staff Report
"Annexation Area 1-B" - PLN 2005-0583; project 58100583
Staff Report: 11/8/06 for 11/14/06 Joint City Council/Planning Commission Hearing

Date: November 8, 2006
Applicant(s): City of Bonney Lake
Annexation method: Petition Method – RCW 35A.14.120
Location: Sections 27 and 34, Township 20N, R5E W.M.
The annexation area borders existing city limits on the north and east sides. The southern
border is the south edge of Kelly Lake Rd. E., which is also the Urban Growth Boundary.
The western border is generally Church Lake Rd. E. The area contains the existing plats of
Kelly Glen and Foxglove and four preliminary/proposed plats (Hemminger Plat, Highland
Ridge, Ptarmigan Ridge, Kelly Lake Park).

Staff Contact: Shannon Mayfield-Porter, 253-447-4354

SUMMARY
The City of Bonney Lake attempted to annex the entirety of "Annexation Area 1" (260 acres) in 2004/early 2005
using the alternative petition method (50% acreage, 50% voters). Staff was unable to secure the requisite number of
signatures before the petitions expired (6 months); the annexation effort failed. Council agreed to break the 260 acre
UGA into three smaller sub-areas to increase the possibility for a successful annexation.

Sub-Area 1-A The City is currently pursuing this annexation by "island method" (RCW 35A.14.295-297).

Sub-Area 1-B The City is concurrently pursuing annexation of Sub-Area 1-B by petition method (60% valuation).
At the June 5, 2006 CDC meeting, Council members indicated that the City should proceed with annexing 1-A and
1-B now, and since there is little to no current interest from the property owners of 1-C, wait until a later date to
annex 1-C.

Sub-Area 1-C No action at this time.

Annexation Area 1-B is approximately 104.02 acres – including acreage from parcels and right-of-way. There are
71 residential parcels total, some of which are in existing Kelly Glen and Foxglove plats. Highland Ridge and
Ptarmigan Ridge have preliminary plat approval. Hemminger Plat has been filed with Pierce Co. and is awaiting
preliminary plat approval. Kelly Lake Park withdrew their initial application to Pierce Co. and is waiting until after
annexation to apply with the City of Bonney Lake.

On July 17, 2006, City Council authorized circulation of the official 60% Petitions. They were mailed to residents of
the annexation area on August 24, 2006. On October 24, 2006, the City received the last petition necessary to meet
the 60% assessed value requirement. Petitions were submitted to Pierce Co., and the Assessor-Treasurer certified the
petitions on November 6, 2006. City Council and the Planning Commission must now hold public hearings to
receive testimony about the annexation itself, and the proposed R-1 zoning.

Existing comprehensive plan land use designation
The site is located within the City of Bonney Lake's approved Urban Growth Area created under RCW 36.70A.110.
Per RCW 35A.14.005, only territories within urban growth areas may be annexed by code cities. Pierce County has
not completed a community plan for the area due to the area's location within the City's approved UGA. The current
Pierce County Comprehensive Plan designation for the site is MSF, Moderate Density Single Family. The City's

"The City of Bonney Lake's mission is to protect the community's livable identity and scenic beauty through responsible growth
planning and by providing accountable, accessible and efficient local government services."
Page 1 of 2
Comprehensive Plan designates this property as Single Family Residential.

**Proposed Comprehensive Plan Land Use Designation**

**Existing Zoning**
The subject property is currently located in the City’s UGA within unincorporated Pierce County, and is zoned Moderate Density Single Family (MSF) by Pierce Co.

**Proposed Zoning**
To implement the adopted land use designation assigned by the city’s Comprehensive Plan, the proposed zoning for the annexation area is R-1, Low-Density Residential. The R-1 zone classification is consistent with the Comprehensive Plan Land Use Designation of Low-Density Residential. The proposed City zoning for the area is also consistent with current County zoning. Future buildout under City zoning has been analyzed in its environmental documents and comprehensive land use plans.

**Requirements of RCW 35A.14.120:**
1.) Decide whether to accept, reject or geographically modify proposed boundaries of annexation area.
   The boundary of the proposed annexation area is the most logical geographic area possible given the circumstances. Annexation Area 1-A must be less than 100 acres in order to qualify for the "island method" of annexation. In order to meet that size requirement, the "Hemminger Plat" had to be included in Annexation Area 1-B. A segment of Kelly Lake Rd. E. that is adjacent and south of Springhaven Plat is also included in the annexation area. Technically, it should have been included in the Springhaven annexation. The annexation boundary for 1-B shall extend to the southern edge of Kelly Lake Rd. E., east to the western edge of 214th Ave. E. (all of 214th Ave. E. will be excluded from the annexation area).

2.) Decide whether to require simultaneous adoption of a proposed zoning regulation, if such a proposal has been prepared and filed for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340
   BLMC 18.52.030 (F) The assignment of zoning to an annexation area shall be deemed a form of rezone, to be processed as a Type 6 permit or area-wide rezone depending on whether the annexation is site-specific or area-wide. (E) The criterion for granting rezones shall be conformance to the comprehensive plan.

   The City did not establish "preannexation zoning" for this area but it did adopt land use designations for its urban growth areas when the Comprehensive Plan was adopted. The adopted comprehensive plan land use designation for this parcel is low-density residential. The implementing zoning classification is R-1 low-density zoning. In accordance with the City’s adopted Comprehensive Plan and Municipal Code, the proposed zoning for this annexation area is therefore R-1 single-family residential. Staff recommends the simultaneous adoption of zoning, concurrent with annexation effectiveness.

3.) Decide whether to require assumption of all or any portion of existing city indebtedness by area to be annexed.

   City Council opted to require the newly annexed residents to assume the existing city indebtedness. The only outstanding General Obligation bond is for the Public Safety building with a final maturity date of 2011. Even with the bond, the City’s property tax rate is lower than the Pierce Co. rate and residents will realize a savings in their property tax payment after annexation.

**Staff Recommendation**
Approve Resolution 1631 authorizing the Notice of Intent to Commence Annexation Proceedings with the Pierce Co. Boundary Review Board.

“Annexation Area 1-B” – PLN 2005-0583; project 58100583
Staff Report: 11/8/06 for 11/14/06 Joint City Council/Planning Commission Hearing

Date: November 8, 2006

Applicant(s): City of Bonney Lake

Annexation method: Petition Method – RCW 35A.14.120

Location: Sections 27 and 34, Township 20N, R5E W.M.
The annexation area borders existing city limits on the north and east sides. The southern border is the south edge of Kelly Lake Rd. E., which is also the Urban Growth Boundary. The western border is generally Church Lake Rd. E. The area contains the existing plats of Kelly Glen and Foxglove and four preliminary/proposed plats (Hemminger Plat, Highland Ridge, Ptarmigan Ridge, Kelly Lake Park).

Staff Contact: Shannon Mayfield-Porter, 253-447-4354

SUMMARY
The City of Bonney Lake attempted to annex the entirety of “Annexation Area 1” (260 acres) in 2004/early 2005 using the alternative petition method (50% acreage, 50% voters). Staff was unable to secure the requisite number of signatures before the petitions expired (6 months); the annexation effort failed. Council agreed to break the 260 acre UGA into three smaller sub-areas to increase the possibility for a successful annexation.

Sub-Area 1-A The City is currently pursuing this annexation by “island method” (RCW 35A.14.295-297).

Sub-Area 1-B The City is concurrently pursuing annexation of Sub-Area 1-B by petition method (60% valuation). At the June 5, 2006 CDC meeting, Council members indicated that the City should proceed with annexing 1-A and 1-B now, and since there is little to no current interest from the property owners of 1-C, wait until a later date to annex 1-C.

Sub-Area 1-C No action at this time.

Annexation Area 1-B is approximately 104.02 acres – including acreage from parcels and right-of-way. There are 71 residential parcels total, some of which are in existing Kelly Glen and Foxglove plats. Highland Ridge and Ptarmigan Ridge have preliminary plat approval. Hemminger Plat has been filed with Pierce Co. and is awaiting preliminary plat approval. Kelly Lake Park withdrew their initial application to Pierce Co. and is waiting until after annexation to apply with the City of Bonney Lake.

On July 17, 2006, City Council authorized circulation of the official 60% Petitions. They were mailed to residents of the annexation area on August 24, 2006. On October 24, 2006, the City received the last petition necessary to meet the 60% assessed value requirement. Petitions were submitted to Pierce Co., and the Assessor-Treasurer certified the petitions on November 6, 2006. City Council and the Planning Commission must now hold public hearings to receive testimony about the annexation itself, and the proposed R-1 zoning.

Existing comprehensive plan land use designation
The site is located within the City of Bonney Lake’s approved Urban Growth Area created under RCW 36.70A.110. Per RCW 35A.14.005, only territories within urban growth areas may be annexed by code cities. Pierce County has not completed a community plan for the area due to the area’s location within the City’s approved UGA. The current Pierce County Comprehensive Plan designation for the site is MSF, Moderate Density Single Family. The City’s

“The City of Bonney Lake’s mission is to protect the community’s livable identity and scenic beauty through responsible growth planning and by providing accountable, accessible and efficient local government services.”

Comprehensive Plan designates this property as Single Family Residential.

**Proposed Comprehensive Plan Land Use Designation**

**Existing Zoning**

The subject property is currently located in the City’s UGA within unincorporated Pierce County, and is zoned Moderate Density Single Family (MSF) by Pierce Co.

**Proposed Zoning**

To implement the adopted land use designation assigned by the city’s Comprehensive Plan, the proposed zoning for the annexation area is R-1, Low-Density Residential. The R-1 zone classification is consistent with the Comprehensive Plan Land Use Designation of Low-Density Residential. The proposed City zoning for the area is also consistent with current County zoning. Future buildout under City zoning has been analyzed in its environmental documents and comprehensive land use plans.

**REQUIREMENTS OF RCW 35A.14.120:**

1.) Decide whether to accept, reject or geographically modify proposed boundaries of annexation area.

   The boundary of the proposed annexation area is the most logical geographic area possible given the circumstances. Annexation Area 1-A must be less than 100 acres in order to qualify for the “island method” of annexation. In order to meet that size requirement, the “Hemming Plat” had to be included in Annexation Area 1-B. A segment of Kelly Lake Rd. E. that is adjacent and south of Springhaven Plat is also included in the annexation area. Technically, it should have been included in the Springhaven annexation. The annexation boundary for I-B shall extend to the southern edge of Kelly Lake Rd. E., east to the western edge of 214th Ave. E. (all of 214th Ave. E. will be excluded from the annexation area).

2.) Decide whether to require simultaneous adoption of a proposed zoning regulation, if such a proposal has been prepared and filed for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340

   The assignment of zoning to an annexation area shall be deemed a form of rezone, to be processed as a Type 6 permit or area-wide rezone depending on whether the annexation is site-specific or area-wide. (E) The criterion for granting rezones shall be conformance to the comprehensive plan.

   The City did not establish “preannexation zoning” for this area but it did adopt land use designations for its urban growth areas when the Comprehensive Plan was adopted. The adopted comprehensive plan land use designation for this parcel is low-density residential. The implementing zoning classification is R-1 low-density zoning. In accordance with the City’s adopted Comprehensive Plan and Municipal Code, the proposed zoning for this annexation area is therefore R-1 single-family residential. Staff recommends the simultaneous adoption of zoning, concurrent with annexation effectiveness.

3.) Decide whether to require assumption of all or any portion of existing city indebtedness by area to be annexed.

   City Council opted to require the newly annexed residents to assume the existing city indebtedness. The only outstanding General Obligation bond is for the Public Safety building with a final maturity date of 2011. Even with the bond, the City’s property tax rate is lower than the Pierce Co. rate and residents will realize a savings in their property tax payment after annexation.

**STAFF RECOMMENDATION**

Approve Resolution 1631 authorizing the Notice of Intent to Commence Annexation Proceedings with the Pierce Co. Boundary Review Board.
