SIGN-UP TO SPEAK FOR SPECIFIC ACTION ITEMS ON THE AGENDA: If you have signed-up prior to the Council meeting to speak with respect to a particular ordinance or resolution appearing on the agenda, you will be recognized to address the Council for up to one minute before the Council takes action on that item. Those wishing to address items appearing on the "Consent Agenda" should do so during the "Citizen Comments" portion of the Agenda. If the Council chooses to discuss the item further after taking comments, they may restrict additional public comment before taking action. Please look for the speaker sign-up sheets near the Council Chamber doorway. (See Item II B. for Citizen Comments on other items of City business.)

I. CALL TO ORDER

A. Flag Salute

B. Roll Call:

Elected Officials: Mayor Neil Johnson, Jr., Deputy Mayor Dan Swatman, Councilmember David Bowen, Councilmember Laurie Carter, Councilmember Dan Decker, Councilmember Mark Hamilton, Councilmember Dave King, and Councilmember Jim Rackley.

Management Staff expected to be in attendance: City Administrator Don Morrison, Public Works Director Dan Grigsby, Police Chief Mike Mitchell, Community Development Director John Vodopich, Chief Financial Officer Al Juarez, Community Services Director Gary Leaf, Administrative Services Director/City Clerk Harwood Edvalson, and City Attorney Jim Dionne.

C. Announcements, Appointments and Presentations:

1. Announcements:

2. Appointments:

3. Presentations:
   a. Proclamation - Beautify Bonney Lake Day - September 19, 2009

D. Agenda Modifications:

II. PUBLIC HEARINGS, CITIZEN COMMENTS & CORRESPONDENCE:

A. Public Hearings: None.

B. Citizen Comments:

You may address the City Council on matters of City business for up to 5 minutes. Those commenting about ordinances or resolutions on the “Consent Agenda” should limit their comments to one minute per item. When recognized by the Mayor, please state your name and address for the official record. Designated representatives speaking on behalf of a group may take up to 10 minutes on matters of general City business.
C. CORRESPONDENCE:

III. COUNCIL COMMITTEE REPORTS:

A. Finance Committee

B. Community Development Committee

C. Public Safety Committee

D. Other Reports

IV. CONSENT AGENDA:

The items listed below may be acted upon by a single motion and second of the City Council. By simple request to the Chair, any Councilmember may remove items from the Consent Agenda for separate consideration after the adoption of the remainder of the Consent Agenda items.

B. Approval of Payroll: Payroll for August 1-15th, 2009 for checks 28409-28441 including Direct Deposits and Electronic Transfers in the amount of $399,108.59; Payroll for August 16-31, 2009 for checks 28442-28478 including Direct Deposits and Electronic Transfers in the amount of $562,416.94

C. Accounts Payable Checks/Vouchers: Accounts Payable checks/vouchers (wire transfer # 8172009) in the amount of $381.11. Accounts Payable checks/vouchers #56647 thru 56739 (including wire transfer #’s 190640, 3152009, 4921439, 5152009, 6152009, 7152009, 8152009 & 9042009) in the amount of $752,253.94.

D. AB09-79 - Ordinance D09-79 - An Ordinance of the City Of Bonney Lake, Pierce County, Washington, Amending Chapter 12.12 of the Bonney Lake Municipal Code and the Corresponding Portions of Ordinance Nos. 1232, 1150, 1037, 1015, 826, 669, 661, and 454 Relating to Park Regulations

E. AB09-123 - D09-123 - An Ordinance of the City Council of the City of Bonney Lake, Pierce County, Washington, Establishing Temporary Benefit Policies and/or Exceptions to Benefit Policies Due to the Current Recession and Accompanying Reductions in City Revenues

F. AB09-134 - Ordinance D09-134 - An Ordinance of the City of Bonney Lake, Pierce County, Washington, Changing the Zoning Designation of Parcels 5640000230 and 5640000192 from Single Family Residential (R-1) to Medium Density Residential (R-2).

G. AB09-138 - Resolution 1964 - A Resolution of the City Council of the City of Bonney Lake, Pierce County, Washington, Awarding the City of Bonney Lake Interim Justice Center Project Contract to M.J. Takisaki, Inc.

H. AB09-132 - A Motion of the Bonney Lake City Council Authorizing the City to Submit an Application for a Transportation Investment Generating Economic Recovery (TIGER) Grant from the United States Department of Transportation (USDOT) and for
IV. CONSENT AGENDA:

the City to Hold a Public Hearing on October 27, 2009 at 7:00 p.m.

I. AB09-133 - A Motion of the Bonney Lake City Council Authorizing the Mayor to Sign the 2009-2011 Local Records Grant Program Application.

J. AB09-135 - A Motion of the Bonney Lake City Council Authorizing Out-of-State Travel for Streets & Stormwater Crew Lead Brent Hoff to Attend Training in Eugene, Oregon.

V. FINANCE COMMITTEE ISSUES:

VI. COMMUNITY DEVELOPMENT COMMITTEE ISSUES:

VII. PUBLIC SAFETY COMMITTEE ISSUES:

VIII. FULL COUNCIL ISSUES:

IX. EXECUTIVE SESSION:
Pursuant to RCW 42.30.110, the City Council may hold an executive session. The topic(s) and the session duration will be announced prior to the executive session.

X. ADJOURNMENT

For citizens with disabilities requesting translators or adaptive equipment for communication purposes, the City requests notification as soon as possible of the type of service or equipment needed.

THE COUNCIL MAY ADD AND TAKE ACTION ON OTHER ITEMS NOT LISTED ON THIS AGENDA.
WHEREAS, since 2004, the annual event known as Beautify Bonney Lake has produced thousands of volunteer hours for the improvement of the community, with residents and businesses generously contributing time, materials and money toward needed improvement projects; and

WHEREAS, Beautify Bonney Lake strives to inspire increasingly greater numbers of citizens and businesses to donate 3 hours a year to the permanent beautification of the city, with the vision of creating unity and lasting beauty and appeal in the community; and

WHEREAS, the City of Bonney Lake wishes to recognize the efforts of Beautify Bonney Lake, a registered charitable 501(C)3 organization, to engage the community in charitable activities to enhance the livability of the City.

NOW, THEREFORE, I, Neil Johnson, Jr., Mayor of the City of Bonney Lake, Washington, do hereby proclaim:

Saturday, September 19, 2009 as Beautify Bonney Lake Day,

And urge all citizens, property owners and businesses to participate in Beautify Bonney Lake; and support this great community effort by donating time, talents, materials and monetary contributions to the local improvement projects associated with this wonderful event.

[Signature]

Mayor Neil Johnson Date
I. Call to Order:
Mayor Neil Johnson, Jr. called the Workshop to order at 5:33 p.m.

II. Roll Call:
Administrative Services Director/City Clerk Edvalson called the roll. In addition to Mayor Johnson, elected officials attending were Deputy Mayor Dan Swatman, Councilmember David Bowen, Councilmember Laurie Carter, Councilmember Dan Decker, Councilmember Mark Hamilton, Councilmember David King and Councilmember James Rackley.

[Staff Members in attendance were City Administrator Don Morrison, Chief Financial Officer Al Juarez, Community Development Director John Vodopich, Police Chief Mike Mitchell, City Engineer John Woodcock, Community Services Director Gary Leaf, Administrative Services Director/City Clerk Harwood Edvalson, Human Resources Officer Jenna Young and Records & Information Specialist Susan Duis.]

III. Agenda Items:

A. Council Open Discussion:

Historical Society Calendars: Mayor Johnson said 2010 Historical Society calendars are now available and may be purchased from Winona Jacobsen.

WSU Forest Proposed Comprehensive Plan Amendment: Mayor Johnson said the WSU Draft Environmental Impact Statement (DEIS) is available to review and comment through September 14, 2009. A public hearing on all the comprehensive plan applications is scheduled for September 2, 2009 at the Planning Commission Meeting. He said he has seen plans look favorable for low-impact development and traffic flow mitigation. Councilmembers encouraged the public to submit comments and attend public hearings.

Bonney Lake Days: Mayor Johnson and the Council thanked staff and citizens for their hard work on Bonney Lake Days. Mayor Johnson said there was a great turnout and citizens appreciated all the events. Councilmember Rackley said he has heard discussions of reducing the event to one day, and he feels this event is one of the best ways for people to meet their councilmembers and neighbors. Mayor Johnson said Special Events Coordinator David Wells has suggested setting up a group to discuss next year’s event, and whether to hold the event over two or three days. Councilmember King said several people commented on the excellent sound system, and said they would like to see a farmer’s market or street festival. He said this might be a good addition once construction on Main St. and the Interim Justice Center is completed. He also thanked Al Catanzaro in Community Development for creating the event maps and charts. Councilmember
Carter said she appreciated the brochures on natural yard care options that Public Works staff provided.

Interim Justice Center Update: Mayor Johnson said bids were opened for construction of the Interim Justice Center on Monday, August 17th and the apparent low bid was $3.37 million from Sierra Construction. Many of the 16 bids received came in under $4 million, while the engineer’s estimate was $4.2 million to $5.4 million.

Myers Road Construction: Councilmember King asked about the construction on Myers Rd. earlier in the day. He said he had not heard about it and was surprised to find the road closed. City Engineer John Woodcock said he would look into the issue.

Water Supply Update: City Engineer Woodcock said he has provided updated information to Councilmembers on the city’s water supply. The City supplied water to Tapps Island and expects to continue providing water to the City of Auburn for about four more weeks.

Initiative 1033: Councilmember King said he has been researching State Initiative 1033, which was submitted to the ballot by Tim Eyman. He said a study by the Association of Washington Cities raises concerns that the initiative could negatively affect cities and communities. He asked if other councilmembers would consider a resolution stating the Council’s opposition to the initiative. Councilmembers Carter and King will draft a proposed resolution for the Council to discuss at a future workshop.

Special Events: Councilmember Carter said upcoming special events include Kids Club on Tuesdays, Tunes at Tapps on Wednesdays, the Health & Wellness Expo on August 29, Bonney Lake Night at the Rainiers on August 31, and Beautify Bonney Lake on September 19. She said Bark in the Park was postponed to 2010 due to a lack of vendors.

Community Garden: Councilmember Bowen asked if there was any interest in a pea patch or community garden program. Councilmembers discussed the need for volunteers for a garden or dog park option. Councilmember Rackley offered to start a subcommittee and invited interested councilmembers to email him so they could review the options.

Councilmember Carter noted two errors on the July 21, 2009 minutes. On p. 5, Tunes at Tapps should be listed on Wednesday nights, not Thursday. On p. 2, information on the sales tax revenues should be revised to read “17% below the previous year’s revenues”. The minutes were moved forward to the August 25, 2009 Meeting with corrections.

C. Discussion: AB09-130 - Planning Commission Recommendation - Alternatives for Nightclub Design Standards.
Community Development Director John Vodopich said this item was on the Planning Commission workplan. The Commission provided a menu of various alternatives and asked for input from the Council. Councilmembers discussed options to include downtown areas in the ‘commercial performance standards’ code, limiting specific activities near residential areas, requiring conditional use permits for outdoor seating, etc. Councilmembers Carter and Hamilton supported all the suggested amendments. Councilmember Rackley said the standards should be applied city-wide, not just to Downtown or Eastown. Councilmember Decker said restrictions on outdoor seating should apply to any business, not just nightclubs. Councilmember Carter said the ordinance should address mixed-use developments as well. As an example she asked what would be required for a building with a restaurant on the ground floor and condominiums above. Director Vodopich said he would take the Council’s comments back to the Planning Commission for continued discussion and review.

D. Discussion: AB09-120 – D09-120 – Ordinance to Modify and Update the Sewer System Development Charge (SDC) (includes adding Multi-Family Rate & Sewer Schedule A).

City Engineer John Woodcock said a draft of this ordinance came before the Council at the July 21, 2009 Workshop, and this revised draft incorporates the Council’s comments and other changes. City Administrator Morrison explained the changes and asked for Council input on various portions of the ordinance. He asked whether Council wants to raise the current rate of $9,099 or not. He offered an option to consider the number of bedrooms in calculating SDCs. He said the Council should consider whether to adjust the SDC automatically each year, and which standard should be used – the Consumer Price Index (CPI) or the Construction Cost Index (CCI). Finally, he asked whether the proposed ordinance should be temporary with a ‘sunset’ date. Director Vodopich added that the proposed ordinance also clarifies when the permit center collects SDC charges from applicants, and removes the option for payments in installments.

Councilmembers discussed the options. Councilmember Decker said he did not think the City should define what qualifies as a bedroom. Councilmember Rackley said builders may describe rooms as ‘bonus rooms’ or offices to reduce their permit fees, when those rooms are actually intended for use as bedrooms. Councilmembers asked to review options for varying SDC fees based on the square footage size and/or number of bedrooms. City Engineer Woodcock said one of the intents of the ordinance is to encourage builders to build smaller multi-family units, not more 3-bedroom condominiums, which do not help add density and a variety of housing options.

Councilmember King spoke in support of continuing to use the CCI for annual fee adjustments, and suggested the code be updated annually to reflect the new fees. He said if staff brought an update ordinance to Council each year, it would also ensure Council remains aware of the current rates. Councilmembers spoke in favor of a 3-year sunset date for the ordinance. Mayor Johnson suggested the ordinance could be lined up with the other incentive ordinances passed by the Council earlier in 2009 so they would all sunset at the same time. Councilmember Carter suggested the SDC ordinance apply retroactively so developments already in progress could apply for the new rates. Councilmember Hamilton said the
Council should also consider offering multi-family rates for Water SDCs. Mayor Johnson said staff members will incorporate these suggestions and provide a revised draft for Council discussion.

E. **Discussion:** Option for an Ordinance Allowing the Use of a “Temporary Commercial Septic System” in Lieu of Connecting to the City Sewer System.

City Engineer Woodcock said a temporary commercial septic system is a possible solution to the Eastown sewer dilemma faced by some property owners. He said it would allow property owners to install a temporary septic system and develop their land for commercial use. The ordinance would require property owners to participate in future latecomers agreements, to hook up to sewer when it is installed in Eastown, and to pay applicable SDC charges. Mr. Woodcock reviewed the pros and cons provided in the agenda packet.

Councilmember Rackley said the Community Development Committee discussed this issue with about 6 property owners at its last meeting. He said the property owners just want assurance that the plan is moving forward and there is a timeline. Councilmember Bowen said septic systems are expensive to install but property owners are frustrated. He said the proposed ordinance at least gives them an option if sewers will not be installed soon. Councilmembers discussed options for property owners, possible timelines, and financing sewer projects. Extending sewer into Eastown may require a bond issue, even if SDCs and a latecomers agreement were used. Councilmember Bowen said any sewer plan should include a line under SR410 to properties to the South as well. Councilmember Hamilton said in Falling Waters, for example, dry lines were installed for future sewer hook-up, and a septic system installed. However, Councilmembers noted the system at Falling Water has failed. Councilmember Carter pointed out that one of the ‘cons’ on Director Grigsby’s list was that black water could be damaging to the headwaters of Fennel Creek in Eastown. City Engineer Woodcock said dry lines are an option, but the plan must be fully designed before lines are installed. He said if the City wants to take control it could set a better timeline and focus resources on designing the system. Deputy Mayor Swatman said government is one of several solutions to the issue. He said homeowners could collaborate on a plan as well, though it may be difficult.

Mayor Johnson asked staff to get input from Compass Pointe to get an update on their potential lift station construction. Councilmember Bowen asked that the proposed septic ordinance be revisited if a more firm timeline is not available by November 1, 2009.

At 7:17 p.m. Deputy Mayor Swatman moved for a ten minute recess. Councilmember King seconded the motion.

**Motion approved 7 – 0.**

The Workshop returned to order at 7:30 p.m.

F. **Discussion:** Long-range Financial Planning Models (Update).

Mayor Johnson presented those in attendance with an updated financial planning model. He said this version is more conservative in estimates for sales tax,
permits, goods and services. He said the model includes line items for ‘additional
revenues not included above,’ which adds possible and probable revenues
including the Public Safety Building lease, a recently awarded police grant, etc.
The model shows reduced expenditures that would be realized through employee
furloughs, general fund reduction and general staffing reductions of at least three
employees in 2010. The next agenda item will be a discussion of a proposed
policy to allow employees who sign up for furloughs voluntarily to receive
vacation credits. Chief Financial Officer Juarez highlighted two positive revenue
items on the model – investment interest and other revenues – which are estimated
to come in above budget expectations. He said the model anticipates modest
increases of 1% for line items in 2010 and 3% sales tax increase for inflation.

Councilmembers discussed the model and various line items. Councilmember
Hamilton said the city’s cost recovery bond for the Public Safety Building is set to
expire soon. He suggested the City place a bond measure on an upcoming ballot
for a similar bond to help pay off the recently acquired Moriarty property. CFO
Juarez said he is looking at a possible opportunity to refinance City bonds through
the ‘Build America’ bond opportunity with the City’s bond attorney Jim Nelson.
The Build America program is part of the current economic stimulus program,
and the Interim Justice Center bonds may be eligible. He said he will continue
researching this opportunity with the bond attorney. Councilmembers thanked
staff for their work to bring updated budget information for review.

G. **Discussion:** AB09-123 – Ordinance D09-123 – Establishing Temporary Benefit
Policies due to the Current Recession and Accompanying Reductions in City
Revenues.

City Administrator Don Morrison said this item has been revised since the
Finance Committee reviewed it on August 11, 2009. The Mayor suggested giving
matching vacation hour credits to employees who volunteer to take furlough days
by a certain date. After that date, if furloughs are made mandatory, employees
who did not volunteer would not receive vacation credits for furlough hours. He
asked councilmembers for input on vacation hour credits, how to deal with
employees who would exceed the cap for vacation hours, and how employee
benefits would be affected.

Deputy Mayor Swatman said he objected to the original draft ordinance’s
vacation credit option, but now that vacation credit is tied only to voluntary
furloughs, he supports the proposed ordinance. Councilmember Decker asked if
furloughs would affect employee seniority or retirement benefits. City
Administrator Morrison said any furlough must be negotiated for union
employees and seniority would be protected. Human Resources Officer Jenna
Young said the State Legislature has addressed the retirement credit issue, and
furloughs will not create a ‘break in service’ for employees’ state retirement
funds. The City Administrator said if 50% of employees participate in furloughs,
the City would save $91,800. Removing step increases would save an additional
$89,000. Councilmember consensus was to move the proposed ordinance forward
with the changes discussed. Mayor Johnson said he will review the proposed
ordinance with the unions and bring it back to Council in the future.
IV. Executive Session: None.

V. Adjournment:

At 8:06 p.m., Councilmember Rackley moved to adjourn the workshop. Councilmember Decker seconded the motion.

Motion approved 7 – 0.

______________________________  ______________________________
Harwood T. Edvalson, CMC      Neil Johnson, Jr.
City Clerk                    Mayor

Items submitted to the Council Workshop of August 18, 2009:
I. CALL TO ORDER – Mayor Neil Johnson, Jr. called the meeting to order at 7:00 p.m.

A. Flag Salute – Mayor Johnson led the audience in the Pledge of Allegiance.

B. Roll Call:
Records & Information Specialist Susan Duis called the roll. In addition to Mayor Johnson, elected officials attending were Deputy Mayor Dan Swatman, Councilmember David Bowen, Councilmember Laurie Carter, Councilmember Dan Decker, Councilmember Mark Hamilton, Councilmember Dave King and Councilmember Jim Rackley.

[Staff members in attendance were City Administrator Don Morrison, Community Development Director John Vodopich, City Engineer John Woodcock, Chief Financial Officer Al Juarez, City Attorney Jim Dionne and Records & Information Specialist Susan Duis.]

C. Announcements, Appointments and Presentations:

1. Announcements:
   Mayor Johnson said City Administrator Don Morrison was presented with a 25 year Distinguished Public Service Award at the WMCA Conference last week. City Administrator Morrison said he has served in Washington since 1984 and before that worked for municipal governments in Montana and Utah. The Mayor and Council congratulated the City Administrator on his award.

2. Appointments: None.

3. Presentations: None.

D. Agenda Modifications: None.

II. PUBLIC HEARINGS, CITIZEN COMMENTS & CORRESPONDENCE:

A. Public Hearings: None.

B. Citizen Comments:

Dean Ogle, 22318 SR 410 E, Bonney Lake, asked if there were any updates on sewer line plans for Eastown south of SR 410. Mayor Johnson said staff are working on a timeline for sewer construction and funding options currently. He said he hoped to get more information on a potential timeline to Council in two or three weeks. Mr. Ogle said he has had one more property owner sign on to his list of supporters for sewer south of SR 410.
III. COUNCIL COMMITTEE REPORTS:

A. Finance Committee: Deputy Mayor Swatman said the committee met at 5:30 p.m. earlier in the evening and discussed personnel updates, possible revisions to the shared leave policy, upcoming grant applications, minutes, and the recent discovery that two local businesses have not been paying gambling taxes to the City. He said Finance staff are working with the businesses in question to collect payments.

B. Community Development Committee: Councilmember Rackley said the committee met on August 17, 2009 and meeting notes are available online for review. The committee forwarded items to the Consent Agenda.

C. Public Safety Committee: Councilmember King said the committee has not met since the last Council Meeting. The next committee meeting is scheduled on September 14, 2009.

D. Other Reports:

Special Events Questionnaire: Mayor Johnson said Special Events Coordinator David Wells has provided a brief list of questions about Bonney Lake Days and how future events could be planned. Councilmember Rackley thanked Mr. Wells for his hard work and noted that the current edition of the Courier Herald newspaper listed Mr. Wells’ achievements and events from this year.

IV. CONSENT AGENDA:

B. Approval of Accounts Payable Checks/Vouchers: Accounts Payable Checks/Vouchers #56509 thru 56562 (including wire transfer #’s 8042009, 8052009 & 8072009) in the amount of $263,213.31. Accounts Payable Checks/Vouchers #56508 & 56563 for Utility Refunds in the amount of $29,669.39. Accounts Payable Checks/Vouchers #56564 thru 56646 in the amount of $245,429.43.

C. AB09-122 – Ordinance 1328 – An Ordinance of the City Council of the City of Bonney Lake, Pierce County, Washington, Amending Section 1 of Ordinance No. 1214, and BLMC Section 2.32.010(E) Relating to Holiday Pay.

D. AB09-126 – Ordinance 1329 – An Ordinance of the City of Bonney Lake, Pierce County, Washington, Authorizing the Chief Financial Officer (CFO) of the City to Close the LID Guaranty Fund #240 and Transfer the Assets of the LID Guaranty Fund to the Contingency Fund #126, Pursuant to RCW 35.54.095.

F. **AB09-125 – Resolution 1960** – A Resolution of the City Council of the City of Bonney Lake, Pierce County, Washington, Awarding the City of Bonney Lake Downtown Improvements Contract to Johansen Excavating, Inc. *Moved to Full Council Issues, Item A.*

H. **AB09-129 – Resolution 1962** – A Resolution of the City Council of the City of Bonney Lake, Pierce County, Washington, Granting Puget Sound Energy an Easement on the Property of Parcel 564001380 which is the Location of the Current City’s Annex.

I. **AB09-124** – A Motion of the Bonney Lake City Council, Pierce County, Washington, Ratifying the Settlement, Release and Full Exoneration Agreement as Signed by the City Administrator, in Reference to the Park Place Condominium Project and Reich Land, Inc.

Councilmember Hamilton requested to move Item F., Resolution 1960, to Full Council Issues, Item A.

Councilmember Rackley moved to approve the Consent Agenda. Councilmember Decker seconded the motion.

Consent Agenda approved 7 – 0.

V. **FINANCE COMMITTEE ISSUES:** None.

VI. **COMMUNITY DEVELOPMENT COMMITTEE ISSUES:** None.

VII. **PUBLIC SAFETY COMMITTEE ISSUES:** None.

VIII. **FULL COUNCIL ISSUES:**

A. **AB09-125 – Resolution 1960** – A Resolution of the City Council of the City of Bonney Lake, Pierce County, Washington, Awarding the City of Bonney Lake Downtown Improvements Contract to Johansen Excavating, Inc. *Moved from Consent Agenda, Item F.*

Councilmember Rackley moved to approve Resolution 1960. Councilmember Decker seconded the motion.

Councilmember Hamilton asked about the two accounts listed for funding the contract. City Administrator Morrison said the funding comes from the same account, but it is split into two sub-sections so the engineering and construction costs
can be tracked separately. City Engineer Woodcock said this is the largest project that has been funded by TIF funds so far.

Councilmember Rackley asked about the progress of an unrelated project to reconcile TIF and SDC funds and expenditures. Chief Financial Officer Juarez said his staff have identified expenditures and will be meeting with engineering and administrative staff to review the expenditures. He said he hoped the reconciling project could be completed in about two more weeks. Mayor Johnson noted that this reconciling project is not related to this proposed resolution, but was brought up as it involves TIF funds in general.

Motion approved 7 – 0.

IX. EXECUTIVE SESSION:

Pursuant to RCW 42.30.110(i), the City Council adjourned to an Executive Session with the City Attorney at 7:13 p.m. to discuss potential litigation. Mayor Johnson brought the Meeting back to order at 7:31 p.m.

X. ADJOURNMENT:

At 7:31 p.m. Councilmember Hamilton moved to adjourn the meeting. Councilmember Carter seconded the motion.

Motion approved 7 – 0.

**Agenda Subject:** City Park Rules, Regs, Fees Ordinance

**Proposed Motion:** An Ordinance of the City Of Bonney Lake, Pierce County, Washington, Amending Chapter 12.12 of the Bonney Lake Municipal Code and the Corresponding Portions of Ordinance Nos. 1232, 1150, 1037, 1015, 826, 669, 661, and 454 Relating to Park Regulations

**Administrative Recommendation:** Approve

**Background Summary:** Since the Park Regulations ordinance was last revised in 2007, a majority of the Park Board positions have been replaced with newcomers. New perspectives have brought a fresh way of looking at the Park Regulations ordinance and uncovered a number of shortcomings of and inconsistencies in the existing city code. The attached draft ordinance reflects refinements and improvements to Bonney Lake's Park Regulations ordinance.

ORDINANCE NO. D09-79

AN ORDINANCE OF THE CITY OF BONNEY LAKE, PIERCE COUNTY, WASHINGTON, AMENDING CHAPTER 12.12 OF THE BONNEY LAKE MUNICIPAL CODE AND THE CORRESPONDING PORTIONS OF ORDINANCE NOS. 1232, 1150, 1037, 1015, 826, 669, 661, AND 454 RELATING TO PARK REGULATIONS.

WHEREAS, the Bonney Lake Park Board has reviewed Chapter 12.12 of the Bonney Lake Municipal Code and recommends clarifications to the code;

NOW THEREFORE, the City Council of the City of Bonney Lake do ordain as follows:

Section 1. Bonney Lake Municipal Code Chapter 12.12 and the corresponding portions of Ordinance Nos. 1150, 1037, 1015, 826, 669, 661, and 454 are hereby amended to read as follows:

12.12.010 Rule making authority.
The mayor, or his or her designee, may make and promulgate reasonable rules and regulations for safety and sanitation and periods of public use of public parks of the city, which shall be posted in conspicuous places in or adjacent to any park of the city. (Ord. 1232 § 1, 2007; Ord. 250 § 4, 1967).

Unless authorized in advance for a special event specifically designated by the mayor, or his or her designee, motor vehicles are prohibited in all areas of any city park, except that motor vehicles licensed by the Washington State Department of Licensing or similar licensing department from another state are permitted in areas designated for parking only. For purposes of this section, “motor vehicles” are defined as any device with two or more wheels powered by an internal combustion engine or electric motor that is capable of propelling the device with or without human propulsion. Examples of “motor vehicles” include, but are not limited to, motorized foot scooters, mini-motorcycles, and motorized toys, all-terrain vehicles, commonly referred to as power wheels. This section shall not apply to any disabled person using a wheelchair conveyance as defined in RCW 46.04.710, or city-owned or approved park maintenance vehicles. (Ord. 1232 § 1, 2007; Ord. 1150 § 1, 2005; Ord. 454 § 6(1), 1977).

12.12.030 Alcoholic beverages.
No person shall possess or consume an alcoholic beverage in any city park except in a City-designated beer garden or wine tasting area according to BLMC 12.12.035. (Ord. 1232 § 1, 2007; Ord. 454 § 6(2), 1977).

12.12.035 City-designated beer gardens and/or wine tasting areas.
Notwithstanding the provisions of BLMC 12.12.030, it shall not be unlawful for any person over 21 years of age to possess or consume alcoholic beverages within any city-designated beer garden and/or wine tasting area at Allan Yorke Park during the annual Bonney Lake Days, Friday, Saturday and Sunday during the third weekend in
August or other special events specifically designated by the mayor, or his or her designee. The mayor or his or her designee is authorized to impose such regulations upon such operations as he or she deems appropriate; provided, that the city-designated beer garden and/or wine tasting area shall not open any sooner than 12:00 p.m. on each day of the annual event and shall be allowed to remain open until the day’s planned event ends, or earlier, if circumstances so require. (Ord. 1232 § 1, 2007; Ord. 1015 § 1, 2004).

12.12.040 Hours of use.

Unless authorized in advance for a special event specifically designated by the mayor, or his or her designee, City parks shall be open from dawn until dusk each day. No person shall go upon any city park except during opening hours. (Ord. 1232 § 1, 2007; Ord. 454 § 6(3), 1977).

12.12.050 Group use.

Groups of more than 50 people shall not be allowed to use any city park without first obtaining a permit from the city. The conditions for issuance of a permit shall be set by the city clerk, mayor, or his or her designee, and shall be designed to mitigate problems caused by large groups, such as park overcrowding, noise, traffic, safety concerns, competition over park facilities, littering, crime, and damage to park facilities. Groups wishing to reserve park facilities such as ballfields and picnic shelters must make a reservation prior to such use by contacting the community services department. Reservation fees are listed in BLMC 12.12.055. (Ord. 1232 § 1, 2007; Ord. 454 § 6(4), 1977).

12.12.051 Boat launch facilities – Fees established.

There is fixed and established. The following schedule of fees shall be charged by the city for use of the boat launch facilities:

A. A resident boat launch admission card (“card”) shall be available at Bonney Lake City Hall. The cost of the card shall be $25.00 per watercraft per year. Residency will be verified through utility accounts information, current Washington State driver’s license or other acceptable proof of residency. The card shall not be transferable to other watercraft. Resident watercraft ownership must be verified by state license(s) of the watercraft, if applicable, or some other acceptable proof of ownership. The card will expire on December 31st of each year.

B. A fee of $8.50, paid electronically, will be required, per launch or recovery, at the boat launch facilities for any watercraft not issued a valid resident boat launch admission card for which a currently authorized card is not being used.

C. The administrative fee for replacement of a card is $100.00. No refunds will be given for lost, stolen, or unused cards.

D. The city may temporarily close the boat launch facility without advance notice. No refunds will be given for the temporary or permanent closure of the boat launch facility.

E. The mayor is authorized to promulgate policies and procedures necessary for the implementation of this section and the administration of the boat launch program. (Ord. 1232 § 1, 2007; Ord. 1037 § 1, 2004; Ord. 826 § 8, 1999; Ord. 669 § 1, 1993).

12.12.052 Disposition of boat launch fees.

All costs of the program will be paid from the gross revenues collected. The balance of
any moneys after the expenses are to be paid into the general fund and split evenly between the park department and the police department. The park department funds shall be used solely for park facilities operation, maintenance and improvements to park department facilities. Police department funds shall be used solely for the water safety and park enforcement programs. (Ord. 1232 § 1, 2007; Ord. 669 § 2, 1993).

12.12.053 Administration of program.
Repealed by Ord. 1232. (Ord. 669 § 3, 1993).

12.12.055 Fees established.
There is fixed and established the following schedule of fees to be charged for reserved use of the following designated facilities:

<table>
<thead>
<tr>
<th>Facility</th>
<th>Fee Schedule</th>
</tr>
</thead>
<tbody>
<tr>
<td>Soccer and baseball fields</td>
<td>First two hours of rental: $7.00</td>

<tr>
<td></td>
<td>*51 – 150 persons: $50.00</td>
</tr>
<tr>
<td></td>
<td>*151+ persons: $75.00</td>
</tr>
<tr>
<td></td>
<td>*In addition a permit from the City is required for groups of more than 50 people (see BLMC 12.12.050)</td>
</tr>
</tbody>
</table>

(Ord. 1232 § 1, 2007; Ord. 826 § 9, 1999; Ord. 661 § 1, 1993).

12.12.057 Disposition of fee moneys.
All such fees collected from the use of the concession stand, soccer fields, baseball fields and picnic areas, and revenues derived from cellular towers sited in city parks shall be paid into the parks department general fund and shall be used solely for park facilities’ operations and maintenance and/or park facilities’ improvements. (Ord. 1232 § 1, 2007; Ord. 661 § 2, 1993).

12.12.060 City ordinances to remain in effect.
The ordinances of the city and the laws of the state not in conflict with BLMC 12.12.020 through 12.12.050 shall remain in full force and effect as to city parks. (Ord. 1232 § 1, 2007; Ord. 454 § 6(5), 1977).

12.12.070 Structures and signs.
No person, firm or corporation shall use, place or erect any placard, notice, sign or device or any kind of advertising in any park, or erect a structure of any kind in any park; provided, however, the community services director or his or her designated representative, may permit the erection of temporary directional signs, decorations, advertising signs or temporary stands and buildings on occasions of group or public meetings, or for purposes of organized athletic events, or special events specifically designated by the City Council. (Ord. 1232 § 1, 2007; Ord. 454 § 6(6), 1977).
12.12.080 Injuring plants.
No person shall, without the written permission of the community services director or mayor, or his or her designated representative, cut, injure, deface, remove or disturb any tree, shrub, plant, building, fence, bench or other structure, apparatus or property in a public park or a public place, or injure, misuse or remove any device placed to protect such tree, shrub, building, fence, bench, or other structure, apparatus or property. (Ord. 1232 § 1, 2007; Ord. 454 § 6(7), 1977).

12.12.090 Entering posted areas.
No person shall enter upon any portion of lawn or ground within a public park or a public place when notified by a sign placed in such park or public place, or by a police officer, not to enter upon such lawn or ground. (Ord. 1232 § 1, 2007; Ord. 454 § 6(8), 1977).

12.12.100 Littering.
No person shall throw or deposit any refuse, litter, garbage or other waste materials in any park or public place, except in designated receptacles. (Ord. 1232 § 1, 2007; Ord. 454 § 6(9), 1977).

12.12.110 Fires.
No person shall make or kindle any fire in a public park or public place except at places designated for such purpose. (Ord. 1232 § 1, 2007; Ord. 454 § 6(10), 1977).

12.12.120 Remaining after closing hours.
Unless authorized by the mayor, or his or her designee, community services director, no person or motor vehicle shall remain in a public park or public place after the posted closing hours. Any motor vehicle found parked in violation shall be towed away at the owner’s expense and/or cited. Signs shall be posted in parking areas in public places designating such places as tow-away zones in conformance with RCW 46.55.070. (Ord. 1232 § 1, 2007; Ord. 454 § 6(11), 1977).

12.12.130 Animals at large.
No person shall allow or permit any animal to run at large in any public park except in designated areas. Animals are permitted if kept on a leash no longer than eight feet, or confined and under control at all times. Any person with an animal in his or her possession or control in any city park shall be responsible for the conduct of the animal and removing from the park grounds fecal matter deposited by such animal. Horses shall not be permitted in any city park except where specifically designated. This regulation may be temporarily waived by the mayor, or his or her designee, community services director for special events. No person may fish where a sign prohibiting such activity is posted. All laws, rules, and regulations of the state of Washington relating to season catch limits and methods of fishing shall apply to all city parks and public places. A violator of this section may be charged with an infraction for which the penalty is listed in BLMC 12.12.250. (Ord. 1232 § 1, 2007; Ord. 454 § 6(12), 1977).

12.12.140 Firearms.
No person shall possess, use or discharge any firearm, air gun, BB gun, slingshot or any bow and arrow in a public park, or use or discharge any such weapon in a public place, unless otherwise authorized as a part of an organized recreation program of the park and recreation department of the city, or other public agency, or a special event specifically designated by the mayor, or his or her designee. A violator of this section may be cited into an appropriate court of law and charged with a misdemeanor. Conviction of such misdemeanor shall be punished by a fine of not more than $1,000, imprisonment for a term not to exceed 90 days, or both. (Ord. 1232 § 1, 2007; Ord. 454 § 6(13), 1977).

12.12.145 Fireworks prohibited.

No person shall possess, nor allow any minor child under said person’s immediate supervision to use, possess or explode any fireworks in any public park unless such possession or use is part of a duly authorized public display. The term “fireworks” shall include “common consumer fireworks” as per the provisions of Chapter 70.77 RCW. (Ord. 1232 § 1, 2007; Ord. 454B § 1, 1983).

12.12.150 Molesting animals.

No person shall molest, catch, injure or kill, or throw any stone or missile of any kind at, or strike with any stick or weapon, any animal or bird in a public park or public place. A violator of this section may be cited into an appropriate court of law and charged with a misdemeanor. Conviction of such misdemeanor shall be punished by a fine of not more than $1,000, imprisonment for a term not to exceed 90 days, or both. (Ord. 1232 § 1, 2007; Ord. 454 § 6(14), 1977).

12.12.160 Soliciting Selling merchandise prohibited.

Unless authorized in advance for a special event specifically designated by the mayor, or his or her designee, no person shall solicit or ask for the payment or gift of money, or sell, offer or solicit for sale, any goods, services or merchandise in a public park or public place without the prior written permit from the city clerk or his designated representative. (Ord. 1232 § 1, 2007; Ord. 454 § 6(15), 1977).

12.12.170 Amplified sound.

No person shall operate or use any loudspeaker or mechanical means of amplifying sound in any public park or public place without the prior written consent of the police chief, mayor, or his or her designated representative. Loud music, loud muffler noise, and loitering in vehicles in city parks shall be prohibited. (Ord. 1232 § 1, 2007; Ord. 454 § 6(16), 1977).

No person shall conduct any circus, carnival or similar exhibition except as a part of an organized recreation program of the parks and recreation department, or as a special event authorized by the mayor, or his or her designee. (Ord. 1232 § 1, 2007; Ord. 454 § 6(17), 1977).

No person shall have, keep or operate any boat or other watercraft within the limits of
any park or land the same at any point on the shore bordering any park, except at places designated for such purpose or except in an emergency. (Ord. 1232 § 1, 2007; Ord. 454 § 6(18), 1977).

12.12.200 Boats – Compliance with Pierce County water regulations required.
   Repealed by Ord. 1028. (Ord. 454A § 2, 1978).

   No person shall ride or drive any bicycle in any city park in a manner that is negligent or endangers or is likely to endanger any person or property. For purposes of this section, “negligent” means the failure to exercise ordinary care, and is the doing of some act that a reasonably careful person would not do under the same or similar circumstances or the failure to do something that a reasonably careful person would do under the same or similar circumstances. Any motor vehicle, except along and upon public roads, streets or other designated areas therein, or operate any vehicle at a speed in excess of the posted speed limit. (Ord. 1232 § 1, 2007; Ord. 454 § 6(20), 1977).

12.12.220 Games.
   No person shall practice or play golf, baseball or other games of like character in any public park or public place except at places designated for such purposes. (Ord. 1232 § 1, 2007; Ord. 454 § 6(21), 1977).

   No person shall, without the written permission of the city engineer or mayor, or his or her designated representative, after consulting with the City Arborist place or hereafter maintain upon the ground in a public park or public place any stone, cement or other substance which shall impede the free entrance of water and air to the roots of any tree planted in such public park or public place, without leaving an open space of ground outside the trunk of the tree not less than four feet square. (Ord. 1232 § 1, 2007; Ord. 454 § 6(22), 1977).

12.12.240 Interference with employees.
   No person, firm or corporation shall prevent, delay or interfere with the employees of the city in the planting, pruning, spraying or removing of trees, plants or shrubs in a public park or a public place. Any removal of trees shall be under advice of the City Arborist. If tree removal is in an area identified as a Critical Area under BLMC 16.20, the guidelines for tree preservation and removal contained within BLMC Title 16 shall govern. (Ord. 1232 § 1, 2007; Ord. 454 § 6(23), 1977).

   The acts or conditions enumerated in Unless otherwise designated elsewhere in this Chapter, violations of any of the provisions of this chapter are proclaimed to be public nuisances. Those persons responsible for maintaining with knowledge such nuisance shall be subject to immediate ejection from the city park area and served with a no trespass order by the police department. Unless otherwise specifically set forth herein, a violator may also be charged with an infraction for which the penalty shall be as follows:
<table>
<thead>
<tr>
<th>Offense</th>
<th>Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st offense within one year</td>
<td>$45.00</td>
</tr>
<tr>
<td>2nd offense within one year</td>
<td>$150.00</td>
</tr>
<tr>
<td>3rd offense within one year</td>
<td>$200.00</td>
</tr>
</tbody>
</table>

Persons charged with infractions shall be processed by the municipal court in the same manner as persons charged with traffic infractions. Persons failing to appear for hearings for violations of this chapter shall be subject to the penalties set forth in BLMC 116.030 a class 3 civil infraction under Chapter 7.80 RCW. Repeat violations shall constitute class 1 civil infractions under Chapter 7.80 RCW. (Ord. 1232 § 1, 2007; Ord. 656 § 3, 1992; Ord. 454 § 6(23), 1977).

Section 2. This ordinance shall take effect thirty (30) days after its passage, approval, and publication as required by law.

PASSED by the City Council and approved by the Mayor this _______ day of __________________________, 2009.

Agenda Subject: Temporary Exceptions to Benefit Policies

Proposed Motion: An Ordinance of the City Council of the City of Bonney Lake, Pierce County, Washington, Establishing Temporary Benefit Policies and/or Exceptions to Benefit Policies Due to the Current Recession and Accompanying Reductions in City Revenues

Administrative Recommendation: Approve

Background Summary: As the City deals with the impacts of the recession, furloughs are a tool to reduce current expenditures without experiencing the full impacts of lay-offs and potential recruitment and training. This ordinance proposes a temporary modification of the City's current benefits policies to address the use of employee furloughs and other modifications to employee compensation.

</thead>
</table>

Explanation: No direct budget increase; This may result in a loss of productivity and deferred costs.

This ordinance would authorize the Mayor to grant additional vacation time in lieu of a pay increase, cost of living adjustment, or furlough day. Anything mandatory would need to be bargained with the affected unions. Full-time employees who participate in the various time-off plans would retain full benefits.

COMMITTEE’S RECOMMENDATION TO FORWARD TO:

CITY CLERK FINANCE DIRECTOR CITY ATTORNEY

Please schedule for Council Meeting date of: __________________
ORDINANCE NO. D09-123

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BONNEY LAKE, PIERCE COUNTY, WASHINGTON, ESTABLISHING TEMPORARY BENEFIT POLICIES AND/OR EXCEPTIONS TO BENEFIT POLICIES DUE TO THE CURRENT RECESSION AND ACCOMPANYING REDUCTIONS IN CITY REVENUES.

WHEREAS, the downturn in the economy has caused a reduction in the expected revenues of the City; and

WHEREAS, the City needs to be creative and flexible in dealing with budget issues during the current recession; and

WHEREAS, there are existing policies which do not allow city employees to reduce regular work hours without increasing employee cost towards their medical contribution or to take additional vacation hours in lieu of a pay step increase; and

WHEREAS, work hours of various employees may need to be adjusted in order to better balance revenue streams with work level demands;

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF BONNEY LAKE, WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1. Vacation Time in Lieu of Pay Increase. Through December 31, 2010, the Mayor is hereby authorized to grant additional vacation hours in lieu of a pay step increase and/or cost-of-living-adjustment (COLA). Any such exchange shall be computed upon the employee’s base salary at the time of the adjustment. Those employees who participate in the “in-lieu” exchange program shall be authorized, but not required, to cash out up to 100% of the additional accrued in-lieu-of vacation time beginning in September 2011, but no later April 1, 2012. Through December 31, 2011, the 30 day “use it or lose it” vacation cap specified in BLMC 2.32.020(F) shall be lifted for participating employees. Whenever an employee takes vacation, the accrued “in-lieu” vacation credit shall be charged first, before other types of vacation time is charged.

Section 2. Furloughs. Through December 31, 2010, any employee who volunteers to take a furlough (leave of absence without pay), and is so approved by the Mayor or his designee, shall be compensated for said furlough with additional vacation time on an hour-for-hour basis. For example, an 8 hour furlough day shall result in 8 hours of additional vacation time credit. Should the Mayor find it necessary to implement mandatory furloughs, no vacation credit shall be granted. Unlike the vacation in lieu of a pay increase provisions listed in Section 1, there shall be no cash out provision for additional vacation time accrued as a result of furlough days. Through December 31, 2011, the 30 day “use it or lose it” vacation cap specified in BLMC 2.32.020(F) shall be lifted for any employee who participates in the voluntary furlough program. Any employee who is furloughed shall be subject to the following policies:
A. All health and welfare benefits will continue in full for regular full-time employees affected by the furlough and pro-rated for all regular part-time employees;
B. Furloughed employees serving a probationary period shall not have that probationary period extended because of a furlough;
C. Furloughed employees may not use vacation and sick leave, compensation time, bereavement leave or any other leave in place of any unpaid time;
D. Furloughed employees who are not in a paid status on the day prior to and following a holiday as a result of the unpaid furlough day shall be eligible for the holiday pay;
E. Vacation and sick leave accruals shall not be reduced or affected by a furlough;
F. Any uncompensated furlough leave will not count as a break in service and shall not affect seniority or step advancement.

Section 3. Retention of Benefits. Regular full-time employees who have their work hours reduced due to a furlough or reduction in workweek, along with an accompanying reduction in pay, shall continue to receive full standard benefits through December 31, 2010 as if fully employed.

Section 4. This Ordinance concerns matters set out in RCW 35A.11.090, is not subject to referendum, and shall take effect five (5) days after its passage, approval and publication as required by law.

PASSED by the City Council and approved by the Mayor this _____day of __________, 2009.

Neil Johnson, Jr., Mayor

ATTEST:

Woody Edvalson, City Clerk

APPROVED AS TO FORM:

James J. Dionne, City Attorney

Passed:
Agenda Subject: Rezone of Thompson and Chase properties

Proposed Motion: Move to approve the Thompson / Chase rezone as recommended by the Hearing Examiner.

Administrative Recommendation: Staff recommends that Council approve the rezone of the Thompson and Chase properties as recommended by the Hearing Examiner.

Background Summary: Doug Thompson and Joanne Chase applied for a rezone of their adjacent properties on 84th St. E. currently zoned R-1. The request is to zone the properties R-2 consistent with the Medium Density Residential land use designation in the Comprehensive Plan.

The Hearing Examiner conducted the required public hearing on July 10, 2009. His findings and recommendation are attached.

Pursuant to BLMC 14.80.090, the City Council should revise or adopt the Hearing Examiner’s findings and issue a decision on the rezone.

CASE NO.: PLN-2009-01190, Thompson/Chase Rezone

APPLICANTS/OWNERS:
Douglas and Marilyn Thompson
P.O. Box 42
South Prairie, WA 98385

Larry and Joanne Chase
PMB 333, 1402 Lake Tapps Parkway E. F-104
Auburn, WA 98092

SUMMARY OF REQUEST:
The applicant is requesting approval to rezone R1 property to R2 in compliance with the comprehensive plan.

SUMMARY OF RECOMMENDATION:
It is hereby recommended that the Bonney Lake City Council approve the request to rezone the property located at 18604 84th St. E. and 18602 84th St. E.

PUBLIC HEARING:
After reviewing Community Development Department Staff Report and examining available information on file with the application, the Examiner conducted a public hearing on the request as follows:

The hearing was opened on July 10, 2009, at 9:03 a.m.

Parties wishing to testify were sworn in by the Examiner.

The following exhibits were submitted and made a part of the record as follows:

EXHIBIT "1" - Community Development Department Staff Report and Attachments
EXHIBIT "2" - Hard copy of slides
KATHY JAMES appeared, presented the Community Development Staff Report, and testified that the request now includes three lots as the Chase parcel completed a short plat in June. The newly created Chase parcel could support a duplex under the R2 classification. The 14,000 square foot Thompson parcel can support either a duplex or single family dwelling under the R1 classification. The Chase parcel cannot be further subdivided. The zoning of the parcels and abutting parcels is R1, but are designated as R2 in the Bonney Lake Comprehensive Plan and the Future Land Use Map. The code contains only one decision criteria for a zone reclassification and that is whether the rezone complies with the comprehensive plan. The Examiner’s decision is in the nature of a recommendation to the Bonney Lake City Council as it is a Type 6 procedure. The only condition of approval requires that future structures meet the bulk regulations of the R2 classification.

DOUGLAS THOMPSON appeared and testified that he requested the rezone for his lot only because he thought it best to convert the uses to those contemplated by the comprehensive plan. Two weeks later the Chases approached him and wanted to join with the request and he agreed. The Chases were in the middle of a short plat proceeding at the time they joined. The short plat makes no difference to him as it does not affect his lot. The rezone will allow him to remove an eyesore and replace it with an attractive duplex. It will clean up the area. He has no problem meeting the setbacks required by R2. The Chase property may have an issue due to the flag lot, but they can build a structure.

No one spoke further in this matter and so the Examiner took the request under advisement and the hearing was concluded at 9:16 a.m.

NOTE: A complete record of this hearing is available in the City of Bonney Lake Community Development Department.

FINDINGS, CONCLUSIONS AND DECISION:

FINDINGS:

1. The Hearing Examiner has admitted documentary evidence into the record, heard testimony, and taken this matter under advisement.

2. A threshold determination of Nonsignificance was issued under the optional SEPA method, which includes the SEPA comment period with the Notice of Application. No appeals were filed.

3. Notice of this request was advertised pursuant to the Bonney Lake Municipal Code.

4. Applicants Douglas and Marilyn Thompson have a possessory ownership interest in a rectangular, .331 acre parcel of property abutting the north side of 84th St. E., one parcel removed from its intersection with Locust Avenue East to the east. Improvements on the site include a single family residential home. Applicants Larry
and Joanne Chase have a possessory ownership interest in two parcels of property that together form a rectangle and contain .5 acres. The eastern property line of the Chase parcel abuts the western property line of the Thompson property. One of the Chase lots is improved with a single family residential home and the second lot is unimproved. The applicants request a zone reclassification from the present Residential (R1) to Residential (R2) for all three parcels.

5. The Thompsons submitted a completed application for a zone reclassification on May 6, 2009, and were subsequently contacted by the Chases who desired to add their parcel to the application. The Chases submitted their application on May 19, 2009, and the City determined the application complete on May 20, 2009. At the time of submittal the Chases had also submitted and were processing an application to divide their property into two lots through the short plat process. The City approved the short plat and the Chases recorded it on June 24, 2009.

6. Abutting uses include single family residential homes to the north and east and across 186th Avenue E. to the west. Improvements on parcels to the south across 84th St. E. include single family residential homes and a multi-family residential building. The parcels and abutting parcels to the north, east, and west are located within the R1 zone classification, and parcels to the south of 84th St. E. are located in either the R1 or R3 (High Density Residential) zone classifications.

7. The applicants request a zone reclassification from R1 to the Medium Density Residential District (R2). Such would bring the parcels into compliance with the Bonney Lake Future Land Use Map (FLUM) which designates all three parcels for medium density residential uses. The FLUM shows abutting parcels to the north and east within the MDR designation while parcels to the west across 186th Avenue E. remain in the Single Family Residential designation. Across 84th St. E. to the south parcels are located in the Medium Density Residential and High Density Residential designations of the FLUM. Approval of the zone classification will bring all three parcels into compliance with the FLUM.

8. A comparison of the R1 and R2 zone classifications shows that typical uses in the R1 zone are limited to single family residential dwellings, while duplexes and accessory dwelling units are allowed in the R2 classification. The density in the R1 zone can equal four to five dwelling units for each net acre, while the density in the R2 zone is dependent upon lot size. A single family residential home must have a minimum lot size of 8,600 square feet and a duplex 10,000 square feet in the R2 zone. Setbacks are the same except the living portion of a house may extend to within ten feet of a street in the R1 classification, but only to 20 feet in the R2 classification. The side yard setbacks are a minimum of five feet, but the R2 classification requires a total side yard setback of 15 feet. The building height and maximum lot coverage are the same.

9. The Thompsons propose to remove the existing single family residential home and
replace it with a duplex. The Chases have not indicated a proposed use for either lot, but any use must comply with the R2 requirements. The present application proposes no construction, and prior to commencing such, the applicants must secure all required permits from the City.

10. Section 18.52.030 of the Bonney Lake Municipal Code (BLMC) sets forth the criteria for zone reclassifications. Subsection A sets forth the only criteria applicable to sitespecific quasi-judicial rezones. Said criteria requires an applicant to show that the purpose of the rezone is to better implement the comprehensive plan. As previously found, the FLUM designates the area as Medium Density Residential and the R2 classification implements said designation. Therefore, the rezone will better implement the comprehensive plan.

CONCLUSIONS:

1. The Hearing Examiner has jurisdiction to consider and decide the issues presented by this request.

2. The applicants have shown that the request for a zone reclassification satisfies the decision criteria set forth in BLMC 18.52.030, and therefore the zone reclassification should be granted subject to the following condition:

   All future structures shall meet the setback requirements of the R2 zone classification.

RECOMMENDATION:

It is hereby recommended to the Bonney Lake City Council that it grant the request for a zone reclassification from R1 to R2 for parcels located at 18604 84th St. E. and 18602 84th St. E. within the City of Bonney Lake subject to the condition contained in the conclusions above.

ORDERED this 24th day of July, 2009.

STEPHEN K. CAUSSEAX, JR.
Hearing Examiner
TRANSMITTED this 24th day of July, 2009, to the following:

APPLICANTS/ OWNERS: Douglas and Marilyn Thompson

P.O. BOX 7380
19306 BONNEY LAKE BLVD.
BONNEY LAKE, WA 98390-0944
CASE NO. PLN-2009-01190, Thompson/Chase Rezone

NOTICE

Pursuant to City of Bonney Lake, this decision becomes final and conclusive on **August 10, 2009**, unless:

1. **RECONSIDERATION**: Any aggrieved person feeling that the decision of the Examiner is based on errors of procedure or errors of misinterpretation of fact may make a written request for review by the Examiner in writing and filed not later than 5:00 p.m. on **August 4, 2009**, with the Planning and Community Development Department. This request shall set forth the alleged errors or misinterpretations, and the Examiner may, after review of the record, take such further action as he deems proper and may render a revised decision.

2. **APPEAL OF EXAMINER’S DECISION**: The final decision by the Examiner on any land use matter within his jurisdiction may be appealed to the City Council by the applicant, a department of the city or county, or other party of record or agency with jurisdiction. Said appeal procedure is as follows:

   The appellant must file written notice of appeal with the Planning and Community Development Department in writing with an appeal fee as required by the Department no later than 5:00 p.m. on **August 10, 2009**.

**NOTE:** In an effort to avoid confusion at the time of filing a request for reconsideration or an appeal, please attach this page to the request or appeal.
ORDINANCE NO. D09-134

AN ORDINANCE OF THE CITY OF BONNEY LAKE, PIERCE COUNTY,
WASHINGTON, CHANGING THE ZONING DESIGNATION OF PARCELS
5640000230 AND 5640000192 FROM SINGLE FAMILY RESIDENTIAL (R-1)
TO MEDIUM DENSITY RESIDENTIAL (R-2)

WHEREAS, the State Environmental Policy Act was complied with through the adoption
of a threshold determination of non-significance (DNS) on May 22, 2009; and

WHEREAS, the City’s Future Land Use Map indicates a designation of the properties as
Medium Density Residential; and

WHEREAS, the proposed rezone is consistent with the Comprehensive Plan Land Use
Designation map; and

WHEREAS, the proposed rezone is in conformance with the decision criteria of BLMC
18.52.030; and

WHEREAS, the Hearing Examiner conducted a public hearing on July 10, 2009, and
issued a recommendation to approve this Rezone request on July 24, 2009.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF BONNEY LAKE,
WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1. The recommendation of the Hearing Examiner submitted to the City of
Bonney Lake is accepted as written for parcel numbers 5640000230 and 5640000192, identified
in the attached Exhibit A. These two parcels are to be rezone from “R-1 Residential” to “R-2
Medium Density Residential” on the Official Zoning Map for the City of Bonney Lake.

Section 2. Additions to the existing single family residential home on Lot 1 of the
Chase short plat and any future improvements shall meet the setback requirements of the R-2
zone.

Section 3. If any portion of this Ordinance shall be invalidated by a court of
competent jurisdiction, the remainder shall remain in full force and effect.

Section 4. This Ordinance shall take effect thirty (30) days after its passage, subject to
prior approval by the Mayor and prior publication for five days as required by law.

PASSED by the City Council and approved by the Mayor this ______ day of

**Agenda Subject:** Interim Justice Center Project Bid Award

**Proposed Motion:** Authorize the Mayor to sign a contract with M.J. Takisaki, Inc. for the Interim Justice Center Project.

**Administrative Recommendation:** Approve.

**Background Summary:** The City Council approved the design contract with Group Mackenzie for the City of Bonney Interim Justice Center Project on March 18, 2008.

The City advertised the project and opened bids on August 17, 2009 and has determined that the lowest responsible bid for this contract was received from M.J. Takisaki, Inc. The apparent low bidder, Sierra Construction requested that their bid be withdrawn from consideration.

The combined project amount including the base bid for the site improvements; building shell and core; alternate bid for the additional parking lot improvements; and the 10% construction contingency is $4,336,245.

The cost estimate for the project, including the alternate bid item was $4,392,137 exclusive of the 10% construction contingency.

RESOLUTION NO. 1964

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BONNEY LAKE, PIERCE COUNTY, WASHINGTON, AWARDED THE CITY OF BONNEY LAKE INTERIM JUSTICE CENTER PROJECT CONTRACT TO M.J. TAKISAKI, INC.

WHEREAS, the City Council approved the design contract for the City of Bonney Lake Interim Justice Center Project with the adoption of Resolution 1809 on March 18, 2008; and

WHEREAS, the City advertised the City of Bonney Lake Interim Justice Center Project and opened bids on August 17, 2009 and has determined the lowest responsible bid for this contract was received from M.J. Takisaki, Inc.; and

NOW, THEREFORE, BE IT RESOLVED that the City of Bonney Lake Council does hereby authorize the Mayor to sign the attached contract with M.J. Takisaki, Inc. for the base bid (site improvements and building shell and core) in the amount of $3,660,698 and the alternate bid (additional parking lot improvements) in the amount of $281,343, both of which include tax.

BE IT FURTHER RESOLVED that the City of Bonney Lake Council does hereby authorize a 10% Construction Contingency ($394,204) amount based on the combined contract bid.

PASSED and adopted by the City Council this 8th day of September 2009.

County of Pierce )

THIS CONTRACT, made and entered into this 8th day of September, in the year of 2009, by and between City of Bonney Lake, Washington, a municipal corporation, hereinafter designated as the "Owner," and M.J. Takisaki, Inc, hereinafter designated as the "Contractor,"

WITNESSETH:

That WHEREAS the Owner has heretofore caused to be prepared certain plans and specifications described as the Bonney Lake Interim Justice Center and the contractor did on the 17th day of August, 2009, file with the Owner a proposal to construct said work and agreed to accept as payment therefore the sum fully stated and set forth in the proposal, and

WHEREAS, the said Contract Documents fully and accurately describe the terms and conditions upon which the Contractor proposes to furnish said equipment, labor, materials, and appurtenances and perform said work, together with the manner and time of furnishing same;

IT IS THEREFORE AGREED, first, that a copy of said General Conditions and other Contract Documents filed with the Owner, as aforesaid, do, in all particulars, become a part of the Agreement and Contract by and between the parties hereto in all matters and things therein set forth and described; and further, that the Owner and the Contractor hereby accept and agree to the terms and conditions of said Contract Documents as filed as completely as if said terms and conditions and plans were herein set out in full.

IN FAITH WHEREOF, witness the hands and seals of both parties hereto on the day and year in this Agreement first above written.

**Agenda Subject:** Application for Transportation Investment Generating Economic Recovery (TIGER) Grant

**Proposed Motion:** A Motion of the Bonney Lake City Council authorizing the city to submit an application for a Transportation Investment Generating Economic Recovery (TIGER) Grant from the United States Department of Transportation (USDOT) and for the City to hold a public hearing on October 27, 2009 at 7pm.

**Administrative Recommendation:** Approve a Motion authorizing the City to apply for a Transportation Investment Generating Economic Recovery (TIGER) Grant from the United States Department of Transportation and for the City to hold a public hearing at the Oct 27, 2009 City Council Meeting.

**Background Summary:** Funds made available from the Recovery Act through the TIGER discretionary grant program would fund intersection improvements at SR 410 and Old Sumner-Buckley Highway, which is Phase II of a two-phase project. The grant application will request approximately $3.4M to supplement the City’s contribution to Phase I of the project and design of both phases of the project. To meet acceptance requirements for a potential award, a public hearing with 30+ days notice is required and therefore planned for Oct 27, 2009 Council Meeting.

**BUDGET INFORMATION:**

<table>
<thead>
<tr>
<th>Budget Amount</th>
<th>Required Expenditure</th>
<th>Budget Impact</th>
<th>Budget Balance</th>
</tr>
</thead>
</table>

**Budget Explanation:**
The city has funded $202K for Phase II design while WSDOT has funded $400K for Phase II design. The remaining $3.4M in estimated Phase II construction costs would come solely from the TIGER grant.

Program Narrative

INTRODUCTION
The City of Bonney Lake, WA requests a waiver in connection with the $20 million minimum grant size requirement set forth in the TIGER grant notice. With the waiver, the city requests funds in the amount of $3,396,000 for critical highway improvements to the intersection of State Route 410 (SR 410) and the Old Sumner-Buckley Highway (OSBH).

Bonney Lake, a city of 17,000 that has seen its population double in the last 10 years, is part of Washington’s 8th Congressional District. The city and its project site is located in northeast Pierce County—15 miles east of Tacoma and 35 miles south southeast of Seattle.

PROJECT OVERVIEW
The City of Bonney Lake is positioned where the Seattle-Tacoma metropolitan area and suburbia transitions to the rural communities and forestland of the western Cascade Mountains. State Route 410 not only serves as the principal route for commuters traveling in to and out of the metropolitan and outlying areas for work, it serves as the principal route to Mt Rainier National Park and provides a scenic alternative route to Yakima and the Tri-Cities en lieu of Interstate 90. SR 410 also serves as the principle route to reach the cities of Buckley and Enumclaw east of Bonney Lake. SR 410 is a four-lane limited-access freeway that leaves the metropolitan area beginning at SR 167 and continues east and up the plateau into Bonney Lake where it transitions to a five-lane state highway. This transition point occurs in the city at the highway’s first of several traffic signals, which is the intersection with OSBH. At a local level, this intersection lies at the gateway to our commercial district and serves as an integral part of our downtown development plan.

Therefore, funds made available through the TIGER discretionary grant program will fund intersection improvements that will have a long-term positive outcome for the nation, metropolitan area, region, and city as well as create construction jobs by solving two main problems:

1. Traffic backing up on SR 410 in the east bound direction at the OSBH intersection during the afternoon rush hour. An inadequate left-turn lane from SR 410 onto OSBH causes vehicle queuing in the two SR 410 east bound thru lanes
that creates a safety hazard and reduces the capacity of this intersection for east bound thru traffic. Attachment 1 provides a photo of the eastbound backup and queuing on SR 410 during the PM rush hour. The back up can extend well over a mile.

2. Traffic back up on SR 410 in the west bound direction at the OSBH intersection during the morning rush hour. The lack of a right-turn lane on SR 410 onto OSBH causes vehicle queuing in the SR 410 west bound thru lanes creating a safety hazard and reducing the capacity of this intersection for west bound thru traffic.

The grant will fund a project that resolves the aforementioned and other related problems and in so doing addresses the following key criteria: a) Livability, b) Sustainability, c) Safety and d) Job Creation.

**(a) Livability**

**Goal**

Improve the quality of life for city residents, visitors and businesses by eliminating bottleneck and associated delays at gateway intersection to the city. During peak traffic periods, the intersection will see traffic backup up to 2 miles long.

**Objective**

Upon completion of the project, reduce intersection rating of LOS E to LOS D as measured by the Public Works Engineering Department.

**(b) Sustainability**

**Goal**

Reduce greenhouse gas emissions and fuel consumption by reducing vehicle queuing and backups that extend up to 2 miles and by increasing vehicle speed through the intersection.

**Objective**

Complete intersection improvement project as summarized in the Project Description. SimTraffic micro-simulation module within Synchro software estimates that intersection improvements will save 3 metric tons in CO emissions and 866,520 gallons in fuel consumption annually (See Attachment 2 and 3 for detailed breakdown).

**(c) Safety**

**Goal**

Phase I increases vehicle and pedestrian safety by removing a dangerous left turn onto 182nd Ave E and sidewalk along OSB. Phase II to increase pedestrian safety by adding sidewalks along ½ mile stretch of SR 410 from Meyers to Main St E and eliminate blocking of thru lanes with vehicles queuing for left turn from eastbound SR 410 onto OSBH. Phase II also adds a bike path on the stretch of OSBH between SR 410 and OSBH.
Objective
Maintain a record of zero vehicle-vehicle and vehicle-pedestrian accidents as measured on an annual basis from police accident reports. This objective to be measured after project completion.

(d) Job Creation
Goal
Provide direct, on-project employment for local contractors and construction crews for a period of up to 9 months.

Objective
Create employment directly for up to 17 persons. Project is anticipated to require a minimum of 2 construction crews (8 FTEs per crew including flaggers), and project management from the City, the Contractor, and the State that will lend at least a combined 1 FTE (at any given time someone from one of these agencies will be on this project).

PROJECT DESCRIPTION
The City of Bonney Lake and the surrounding area have experienced major growth and land development the last 10 years increasing traffic congestion at the City’s downtown core area, along SR 410 and Old Sumner Buckley Highway. Over 49,000 vehicles per day can travel along SR 410 at the project location. PM peak hour traffic alone has escalated up to over 4,400 vehicles. Traffic growth has been averaging nearly 4% a year. The Old Sumner-Buckley Highway carries approximately 13,300 vehicles per day or over 1,200 vehicles during the PM peak hour. Even with the recent slow down of growth, future development within and outside the City is expected to continue. This development will further be facilitated by intersection improvements from this project that will anchor the development of our downtown core. This proposed project is actually phase II of a two-phase project.

Phase I
Leading up to our proposed Phase II project, Phase I of the project adds two lanes of traffic along OSBH from SR 410 to Main St E, constructs new sidewalk and bicycle lane, and adds a traffic signal at Main Street and OSBH. This phase of the overall project prepares receiving lanes for Phase II of the project that creates a double left turn lane off of SR 410 onto OSBH. The project also entails removing an immediate left turn off of OSBH on to 182nd Ave E. Vehicles turning left off of SR 410 onto OSBH must often abruptly stop for vehicles wanting to stop instantly, and dangerously, to make the left turn onto 182nd Ave. The project will remove this “fifth spoke” to the four-way intersection and force traffic to turn left at the signalized intersection built in Phase I. Phase I of the project is financially supported by the City with traffic impact fees and other City revenue. The bidding process is complete and construction of Phase I is scheduled to commence in September 2009 and finish in June 2010.
Phase II
The second phase would be funded primarily by the requested $3,396,000 in TIGER Discretionary Grant Program Funds. Phase II will add a second left turn lane from east bound SR 410 onto OSBH, add right turn pockets in both directions of SR 410, and construct a new sidewalk from Meyers Road to Main St E on SR 410. The design for phase II is fully funded and will be finished in December 2009. Most right-of-way (ROW) acquisitions have been completed and funded by the city, with one remaining ROW acquisition that can be quickly finalized by the City from a willing property owner.

Phase II of the SR 410 Highway and Old Sumner Buckley Highway (OSBH) Intersection project will improve intersection and roadway level of service, reduce vehicle delay, reduce vehicle queuing and eliminate spillback and blocking issues, promote better vehicle progression along SR 410, increase traffic safety, increase pedestrian safety, and improve access to adjoining properties. Without the improvements, the traffic operations along both corridors will continue to degrade below acceptable state and city LOS standards.

Build and No-build Scenario
Transportation engineering consultant work provided to the City by the Transpo Group indicated that the Level of Service (LOS) for the SR 410/OSBH intersection was estimated to already be at LOS E by 2007 with no improvements. This improvement project will upgrade the intersection to LOS D.

Geospatial Information
The maps at Attachment 4 provide an aerial view of the project area and a map of the general area. While this grant application is specific to Phase II of the project, Phase I is included in the map to show the overall impact of the project.

PROJECT SCHEDULE
The City of Bonney Lake is ready to begin this project rapidly. The design will be 100% complete by December 2009. Once funded, the project will go to bid in Winter of 2010 with an estimated completion by Fall 2010.

Organization Information
The project has the endorsement of the City (Attachment 5) and the mayor has provided the required signed section 1511 certification (Attachment 6). The project has been endorsed by the Washington State Department of Transportation (Attachment 7) and from Cascadia, a developer with 6,500-home ongoing project in the Bonney Lake area (Attachment 8). Environmental approval documents have been included in the application (Attachment 9) as has the approved Plan for Approval from WSDOT (Attachment 10).

The City has the ability to perform ongoing maintenance to completed project. By law, WSDOT will maintain the signal and asphalt, the city is required to maintain curb, gutter, and sidewalk. The city employs a maintenance crew that will handle all sanding, gravel, snow plowing, and sweeping of roadways within city limits.
The city has designated its executive assistant as grant coordinator. In this capacity, the grant coordinator researches solicitations, prepares applications, administers and completes reports for a wide array of private, state, and federal grants. The city is therefore prepared to effectively manage any potential TIGER funds.

**Performance Measurement**
The success of the project will be measured by the realization of the goals and objectives laid forth in this application. The city will comply with reporting requirements as set forth by the ARRA.

**Budget Narrative**
The design phase of Phase II has been completely funded by local, state, and private sources: The City of Bonney Lake, Washington DOT, local utilities, and private development. Contributions from these entities have been applied to design, construction, and related site work. The table below summarizes costs for the entire project—both Phase I and Phase II. The TIGER Grant funds would be applied to Phase II only. More detailed breakdown of costs are provided in Attachment 11.

TIGER Discretionary Grant Program Manager
Office of the Secretary of Transportation
US Department of Transportation

RE: Application for Transportation Investment Generating Economic Recovery (TIGER) Discretionary Grant

As Mayor of the City of Bonney Lake, I respectfully request a waiver to the $20M grant size requirement and hereby submit our application for $3,396,000 in funds for our intersection improvement project. The State Route 410/Sumner Buckley Highway (SBH) intersection improvement project has been under design for two years and will be “shovel ready” by December 2009. The City Council unanimously adopted a 6-year Transportation Improvement Program that includes this project as one of our priorities. Further, the project will directly and immediately benefit residents and businesses in the City of Bonney Lake as well as motorists using SR 410 to reach other destinations in the region.

The intersection improvements will help eliminate backups on SR 410 that often extend more than a mile east in the morning and west in the afternoon during rush hours. A central component will be the addition of two new turn lanes on SR 410 onto SBH. This will allow through traffic on SR 410 to move through Bonney Lake with minimal delay at this intersection.

This project is support by both the Washington State Department of Transportation and CASCADIA, the largest planned community in Washington. Completion of this project will help minimize impacts from CASCADIA as well as other development in Pierce County. If you have any questions about this project, please do not hesitate to contact my Public Works Director, Daniel Grigsby at 23-447-4347, or my Executive Assistant, Brian Hartsell at 253-447-3102.

Thank you for your consideration of this project.

Sincerely,

Neil Johnson Jr., Mayor
CERTIFICATION UNDER SECTION 1511
OF THE AMERICAN RECOVERY AND REINVESTMENT ACT:

Pursuant to Title XV, Subtitle A, section 1511 of the American Recovery and
Reinvestment Act (Pub. L. 111-5 (Feb. 17, 2009)) (ARRA), as the Mayor of the City of
Bonney Lake, WA I hereby certify that the State Route 410/Old Sumner Buckley
Highway infrastructure investment project has received the full review and vetting
required by law and that I accept responsibility that such investment is an appropriate use
of taxpayer dollars.

Our request for $3,396,000 in ARRA funds, made available through the TIGER
Discretionary Grant program, was submitted to the Department of Transportation, Office
of the Secretary of Transportation, by the September 15, 2009 deadline. The signed
certification, along with a description of the project that includes the estimated total cost
and funding sources, has been posted on the city website, http://www.ci.bonney-
lake.wa.us/ and linked to http://www.recovery.gov/ . Vetting included a thorough
evaluation by our Community Development Committee and City Council. Additionally,
a public hearing that will have been noticed at least 30 days prior is scheduled for
October 27, 2009—which will be prior to any acceptance of ARRA funds that may be
awarded to us through the aforementioned grant program.

This signed certification will be sent to the USDOT via e-mail at TIGERGrants@dot.gov.

Re: SR 410/Old Sumner Buckley Highway
Safety Improvement

Dear Sir:

This letter is provided to the City to indicate the Washington State Department of Transportation’s support and participation in the City’s safety improvement project located at the intersection of SR 410 and the Old Sumner Buckley Highway.

WSDOT has previously provided the City with $400,000.00 in support of this project, from the Hazard Elimination Program, funded through the Department’s Highways and Local Programs Division.

If you have any other questions, please contact me at (360) 357-2666.

Sincerely,

Neal Campbell, P.E.

RE: City of Bonney Lake
SR-410 / Sumner Buckley Highway Improvements
Federal Funding Request – FY2010 Appropriations

Dear Mr. Grigsby,

East Pierce County, including City of Bonney Lake, is one of the fastest growing areas of the County and approved to facilitate a majority of the County’s future growth. This transportation project will significantly decrease congestion on the only single major state highway link between Central Pierce County and East Pierce County. The project is long overdue and will greatly increase the efficiencies of critical freight, employment, and community transportation links.

More specifically,

- This is an improvement to increase mobility for transit, employment, and freight at a key choke point on a state highway of regional significance that provides access to Port of Tacoma Free Trade Zone and City/County designated employment zones.

- The project includes intersection widening and signal improvements to reduce congestion, improve safety and increase mobility for traffic and goods along a key corridor that serves 50,000 cars per day (5,000 trucks per day) currently and will serve 100,000 cars per day (10,000 trucks per day) in the future.
• This is a multi-jurisdictional project (City, County, State) which will create new jobs now and in the future, attract new business, encourage smart live/work growth, and provide long term public benefit.

This project is a critical link for regional commerce, connecting local retail and commercial zones with population zones. It is a critical link in the transportation plans of City of Bonney Lake, Pierce County, and Washington State. In addition to correcting existing congestion and generate jobs and tax revenue immediately and long term it facilitates the healthy growth of one of the Nation's major metropolitan growth areas.

We support and recommend approval of your Federal funding request.

Sincerely Yours,

Charles F. Lappenbusch, Jr.
Senior Vice President
Director of Development
### Part 1 Project Description

**STPH-0410 (947)**

**Federal Aid Project Number:** STPH-0410 (947)

**Route:** SR 410

**Date Created:** 12/12/2008

**Intent of Submittal:**
- [ ] Preliminary
- [ ] Final
- [ ] Re-Evaluate

**Agency:** City of Bonney Lake

**Federal Program Title:**
- [x] 20.205
- [ ] 20.209
- [ ] Other

**Project Title:** SR 410/Old Buckley Highway HES

**Begin:**
- **MP:** 13.14
- **KP:**

**End:**
- **MP:** 13.47
- **KP:**

**Miles:** 0.33

**Townships:** T20N

**Ranges:** R5E

**Sections:** 32 and 33

**County:** Pierce

**Water Resource Inventory Area (WRIA) No. & Name:** 10 Puyallup/White

**Within Puget Sound Basin?**
- [x] Yes
- [ ] No

**Project Description:** Describe the proposed project, including the purpose and need for the project.

The City plans to modify the SR 410/Sumner-Buckley Highway (SBH) intersection by adding east and westbound turn lanes onto SBH. Two receiving lanes will be added eastbound and an additional westbound right turn lane will be added to SBH between 184th Ave. and SR 410. Sidewalks will be added to meet City standards. Storm drainage/infiltration system will be retrofitted as needed to meet Ecology and/or WSDOT guidelines.

### Part 2 Environmental Classification

**NEPA**

- [ ] Class I - Environmental Impact Statement (EIS)

**Agenda Subject:** 2009-2011 Local Records Grant Application

**Proposed Motion:** A Motion Authorizing the Mayor to Sign the 2009-2011 Local Records Grant Program Application.

**Administrative Recommendation:**

**Background Summary:** The 2009-11 Local Records Grant Program offers grants (up to $10,000) to fund projects that “enhance or improve the preservation and management of an agency’s records,” and specifically focuses on preserving local government Minutes, Ordinances and Resolutions. The City received Local Records ‘express grants’ in 2005-07 and 2007-09; these funds were used to microfilm and digitize similar records from incorporation in 1949 through 2005. The City Clerk’s office proposes to apply for 2009-11 funding to create security microfilm backups and digital copies of eligible records to include Minutes from 1999-2008 and Resolutions and Ordinances passed from 2005 to the present. The original records will also be transferred to the State Archives for permanent storage, which is provided at no cost to the City. The grant application deadline is September 10, 2009.

**Agenda Subject:** Out of State Travel for Brent Hoff to Eugene, OR

**Proposed Motion:** Recommend Approval

**Administrative Recommendation:** Recommend Approval

**Background Summary:** One of the requirements for the Street Lead Position is obtaining a certification “Level I Signs and Markings” within one year of being in that position. Brent Hoff was promoted to this lead position 6/16/2009. There is a class October 21 through October 23 in Eugene, Oregon that I would like to enroll him in. We had arranged to put this off until next year, 2010, because the certification class was to be held here in Washington State. However, we have just been informed that the location has been moved to Montana. Many organization are now consolidating their training to encompass several states in order to cut their costs as well as meet the demands for training by organizations.

This certification provides training in the reading and interpret the Manual of Uniform Traffic Control Devices (MUTCD) as well as the practical application of proper signage. The O&M Street group is the responsible party for setting up traffic control plans for City crews on projects, review and comment on CIP traffic issues and our traffic signage throughout the City.
