V. FINANCE COMMITTEE ISSUES:

Deputy Mayor Swatman said the Finance Committee had requested additional information that is now available, regarding the City’s cost to maintain the concession stand. He said the City pays about $500 per year for utilities expenses (at about $100 per month for five months each year). Deputy Mayor Swatman said the costs are well worth the investment to have a summer lunch program in the community.

Councilmember King agreed and noted that several items on the previously passed consent agenda also show how the City is saving money whenever possible. He noted the dirt removal contract and striping services bid in particular. He said the concession stand has been run effectively and benefits kids who need a free lunch option in the summer months.

**Motion approved 7 – 0.**

VI. COMMUNITY DEVELOPMENT COMMITTEE ISSUES: None.

VII. PUBLIC SAFETY COMMITTEE ISSUES: None.

VIII. FULL COUNCIL ISSUES:

Councilmember Rackley moved to approve Ordinance 1313. Councilmember Decker seconded the motion.

Kathey Fewins, 1302 Puyallup St, Sumner, spoke as a representative of Investco and thanked the City for working to attract investors to the community. She said any reductions in fees are appreciated and urged the Council to support the ordinance.

Councilmember Rackley said the Council is looking at other incentive options to include midtown in a sales tax rebate. Councilmember Hamilton said he would not support the proposed ordinance. He said the City’s road infrastructure has been neglected and the Council should not target Traffic Impact Fees alone. He noted that Bonney Lake’s system development charges (SDCs) for sewer and water are much higher than other cities in the area. He suggested the Council review options to reduce all fees and charges comprehensively. He said he did not feel that reducing
the TIF will make a difference for larger restaurant chains, and expressed concern that the Council is backing away from the TIF.

Mayor Johnson said he voted for Traffic Impact Fees in the past and does not want to eliminate them. He said the CCI adjustment for 2009 was very high and bids today are coming in far below engineer’s estimates, so the rate is not realistic. He agreed that the City should continue to look for other ways to encourage businesses to locate in Bonney Lake.

Councilmembers Decker and Rackley spoke in support of the proposed ordinance. Councilmember Rackley said the City should not eliminate the TIF, but said the costs used to calculate the 2009 rate adjustment were based on $200 per barrel oil and other costs that no longer exist. He said the next rate adjustment for 2010 will likely adjust the TIF rates back down. Deputy Mayor Swatman agreed with Councilmember Hamilton, and said the Council fought hard to implement a TIF for the City. He spoke in favor of an ordinance that targets specific types of businesses, rather than benefiting all types of businesses. He said this proposed ordinance is likely to pass with a majority vote, and he would not vote in favor of it.

Motion approved 5 – 2. Deputy Mayor Swatman and Councilmember Hamilton voted no.

B. AB09-49 – Resolution 1929 – A Resolution of the City Council of the City of Bonney Lake, Pierce County, Washington, Adopting the Street Tree Master Plan as Complete.

Councilmember King moved to approve Resolution 1929. Councilmember Carter seconded the motion.
