Additional Tips:

Water Utility Fees

- The "5/8" Meter-Inside City-Base Fee" is charged every month. This is an availability fee charged to the user for year-round service provided by the Water Utility. Please note that the meter size shown will correspond to your water meter size at your residence or business. The fee will vary depending on the size of water meter at your residence or business.
- The "Inside City-Water Consumption" fee is charged **every other month** and is the amount owed for the actual amount of water consumed. **BLMC 13.04.100 Outside City limit customers are billed bi-monthly for water charges.**
Both of the above charges added together are the total water bill for the current 2 month billing period.

Sewer Utility Fees

- The "Single Family Residential" fee is charged every month. This is an availability fee charged to the user for year-round service provided by the Sewer Utility. This fee will vary depending on whether you have a city-owned grinder pump at your residence.
- The "Single Family Residential Volumetric Fee" is charged **every other month** and is the amount owed for the actual amount of wastewater produced and discharged into the sewer collection system and is based on your water consumption. This amount is charged per 1 ccf of monthly water consumption and is capped at 10 ccf per month. **BLMC 13.12.082**
Both of the above charges added together are the total sewer bill for the current 2 month billing period.

Stormwater Utility Fees

- The "Residential Storm Water Fee" is charged every month. This fee is based on the number of equivalent service units (ESUs) contained in a given parcel. Single Family Residential parcels pay a base rate of 1 ESU which currently equals \$14.00. **BLMC 15.14.303**
